Lindsey.Community Manager 12:00 PM

 **CONGRATULATIONS**  **@Terry_BAND**  for becoming the 
1st graduate from the OneTen
Scholarship Program!

He completed the Business Analytics
nanodegree in just 5 weeks!  100 

Terry gave some great feedback for this
program:

*"Be patient, there's usually someone else
with the same or almost the same
question as you so don't hesitate to be
active and ask your question. Use your
community. You'll be helping yourself as
well as someone else."*

When asked what advice he would give
others, Terry said:

*"Don't give up! We're not always going to
understand on the first go around and
that's okay! Don't be afraid of repetition
and outside resources, there's usually
more than one way to do something if the
original way does not work for you."*

Great advice when it comes to utilizing this
community to not only help yourself, but
